

AMSafe®

Pre-Filled Normal Saline Flush Syringe

0.9% Sodium Chloride Injection, USP

Features

- Provides all convenient size syringes & volumes
- DEHP-Free, PVC-Free, Latex Free
- Sterile, non-pyrogenic and non-toxic
- Offers standard dust cover and sterile field configurations
- Virtually eliminates rebound
- Eliminates needles and vials
- Eliminates potentials of cross-contamination
- Complies with all PICC and INS standards
- Compatible with all needleless systems
- Properly licensed, insured, and fully FDA cleared

AMShield® Disinfecting Cap

The AMShield® Disinfecting Cap for needleless connectors is an alcohol-containing cap that twists onto ports for disinfection and protection. Each cap contains 70% Isopropyl Alcohol (IPA). Latex-Free individual caps.

- 200/box individual caps
- Twists on easily and stays securely in place on commonly used needleless connectors
- Brightly colored to help clinicians verify and measure compliance
- For single-use only
