April 21, 2017

Dear Valued Customer,

The AS116 Flat Top 60 cc Pole Syringe is a non-sterile, Class I medical device that does not require an expiration date.

The date printed on the labeling next to this symbol is the date of manufacture.

The recommended shelf life is 5 years (60 months) from the manufacture date.

Sincerely,

A handwritten signature in cursive script that reads "Amy Bentley".

Amy Bentley
Jr. QA/RA Manager
