Bladder Irrigation Sets

Item Code	Description	Qty/Unit
ABL400	Single Lead Cystoscopy/Bladder Irrigation Set	20/Case
ABL402	Two Leads TUR/Bladder Irrigation Set Y-Typee	20/Case
ABL404	Four leads Bladder Irrigation Set	20/Case

Suction and Fluid Management

Amsino Suction and Fluid Management systems are a powerful tool in the infection control standards of ambulatory surgery centers. These systems help support the best practices for the collection, storage, and elimination of biohazard fluids. Amsino systems offer protection both to patients, as well as to health professionals, throughout the surgery center.
